

CONSTRUCTION ALERT

BUSINESS PARKWAY TO REOPEN TO TWO-WAY LOCAL TRAFFIC

WHAT

The Fairway Drive Grade Separation Project contractor has completed the roadway improvements along Business Parkway to North Fairway Drive and will reopen the traffic lanes currently closed to through traffic. The intersection of Business Parkway and Fairway Drive was reconstructed and lowered approximately 5 feet from its existing location to meet the future underpass. The completed work included pavement demolition and roadway excavation, sidewalk and ramp reconstruction, utility relocation, construction of new driveway approaches to commercial businesses, and the installation of new traffic signals and electrical service equipment.

WHAT TO EXPECT

The intersection of Business Parkway and North Fairway Drive will reopen to two-way local traffic with at least one lane open in each direction. Motorists will be able to access North Fairway Drive from Lemon Avenue via Business Parkway. Fairway Drive between Business Parkway and E. Walnut Drive North remains closed until completion of underpass construction in Winter 2022. Access to local businesses and emergency personnel will continue to be maintained. Motorists and pedestrians are strongly advised to be aware of new traffic controls and urged to obey posted signs and exercise caution while in the vicinity of the construction area.

WHEN

Business Parkway is anticipated to reopen to local traffic beginning the week of September 20, 2021.
